SEASON AFTER SEASON

SAW

13" Razor Tooth Saw

RS7120

- For medium to large branches
- 3-Sided razor teeth for efficient cutting
- Impulse-hardened teeth for long service life
- Replaceable 13" blade
- Cushioned, co-molded pistol grip
- Convenient hanging hole

21" Razor Tooth Saw

RS7160

- For large branches and limbs
- 3-Sided razor teeth, 21" blade
- Self-cleaning raker tooth pattern
- Impulse-hardened teeth for long service life
- Tempered-steel alloy
- Precision-milled, laminated wood D handle

SAW

7" Razor Tooth Folding Saw

RS7245

The Corona Folding RazorTOOTH Saw is extremely fast and efficient. Each RazorTOOTH Saw blade goes through 4 manufacturing processes for maximum durability, hardness and friction reduction. Available in a variety of blade sizes.

- For small to medium branches
- 3-Sided razor teeth for efficient cutting, 7" blade
- Impulse-hardened teeth for long service life
- Curved-blade design for faster cutting
- Replaceable, curved, taper-ground folding blade
- Ergonomically designed, comfortable, co-molded handle

7" Folding Pruning Saw

RS7041

- For small to medium branches
- 3-Sided razor teeth for efficient cutting
- Impulse-hardened teeth for long service life
- Replaceable 7" blade
- Cushioned, pistol-grip handle
- Convenient hanging hole

SAW

8" Razor Tooth Folding Saw

RS7255

The Corona Folding RazorTOOTH Saw is extremely fast and efficient. Each RazorTOOTH Saw blade goes through 4 manufacturing processes for maximum durability, hardness and friction reduction. Available in a variety of blade sizes.

- For small to medium branches
- 3-Sided razor teeth for efficient cutting, 8" blade
- Impulse-hardened teeth for long service life
- Curved-blade design for faster cutting
- Replaceable, curved, taper-ground folding blade
- Ergonomically designed, comfortable, co-molded handle

DualLINK Tree Saw and Pruner – 14 ft

TP4214

DualLINK compound lever provides added power to pruner while reducing cutting effort Pruning blade is coated with non-stick material for durability and cuts up to 1 inch branches Lightweight fiberglass handle extends saw up to 14 feet Conventional saw blade cuts up to 8 inch limbs.

- DualLINK™ compound lever provides added power to pruner while reducing cutting effort
- Pruning blade is coated with non-stick material for durability and cuts up to 1 inch branches
- Lightweight fiberglass handle extends saw up to 14 feet
- Conventional saw blade cuts up to 8 inch limbs

SEASON AFTER SEASON

SAW

Quick Saw 13"

QS7900

- Cuts 20% faster on average than comparable professional saws!
- Patent-pending tooth pattern helps keep the cut channel free of sawdust, resulting in a faster cut
- Replaceable 13 inch blade (7900-1) made with the same SK4 high-carbon steel used in advanced knives and precision cutting tools
- Blade's steel extends through the entire handle, helping you make the most powerful cuts
- Hook helps keep blade in the cutting channel, minimizing time lost reinserting
- Lightly textured elastomer grip helps reduce hand fatigue so you can cut longer

Razor Tooth Folding Saw 10"

RS7265

The Corona Folding RazorTOOTH Saw is extremely fast and efficient. Each RazorTOOTH Saw blade goes through 4 manufacturing processes for maximum durability, hardness and friction reduction. Available in a variety of blade sizes.

- For small to medium branches
- 3-Sided razor teeth for efficient cutting, 10" blade
- Impulse-hardened teeth for long service life
- Curved-blade design for faster cutting
- Replaceable, curved, taper-ground folding blade
- Ergonomically designed, comfortable, co-molded handle
